Water Coolers

Surprisingly Fast. In Cooling.

Water coolers are meant to cool water. But how fast, is what really matters. Especially in places like schools, colleges, offices and other corporate and commercial applications where the consumption of water is frequent and high. Which is why you need Blue Star Water Coolers.

Thanks to a powerful and rugged compressor, this latest range of coolers cool water surprisingly fast. Also, they come with an all-stainless steel body, making them more durable. And together with the power saving insulation and a comprehensive warranty, these coolers are complete value for money. What's more, even eco-friendly versions of these coolers are available. So you don't just get cold water, you also get a healthy environment, for years to come.

Blue Star is India's largest central airconditioning and commercial refrigeration company. With over seven decades of expertise in offering expert cooling solutions, Blue Star now brings to you water coolers with a wide range of features for every need.
